1. WELCOME

1.1 INTRODUCTION

An extraordinary history behind it and a future to be discovered and built together. Rally Italia Sardegna, worthy heir to the endless history of the Rally d'Italia held from the 1970s onward, celebrates twenty editions this year. An important number for a race that, in this timeframe, has first overcome the skepticism that accompanied it when it debuted, and then grown powerfully to achieve the esteem and trust of the entire world of international rallying. An esteem and trust recently reaffirmed by the extension of the contract with the WRC Promoter under the blessing of the FIA. The magnificent Sardinian gravel roads will therefore be protagonists again this year with the route involving mainly the north-east of the island with the center in Olbia, the city that hosted the first world edition on Sardinian soil of the WRC rally. An event that has become a reference point of international motorsport thanks to the passion and vision of the Automobile Club of Italy, together with the Region of Sardinia, the host territory and all the staff, women and men of ACI Sport. Now on the eve of this umpteenth event, it is necessary to strongly celebrate the milestone achieved but already work towards the future. Of course, basing ourselves, as usual, on a strong unity of purpose with the international sports authorities, who have always been close to us, for the construction of an increasingly important future.

Angelo Sticchi Damiani
President Automobile Club d'Italia
